Uncertain Deadline

The possibility still exists that my funding will be terminated on or about the end of March. If that happens, and if I don't secure a replacement source of cash by that time, then it's possible that I will, shortly thereafter, discontinue mailings of the *Frontiersman*. If so, I will post future issues on my website for as long as I can maintain the website.

I've received a few contributions, but not enough to cover our expenses. I haven't received any pledges at all. If you feel that you can make a contribution or a pledge, I'd appreciate it. I'd prefer that you send cash, but if you'd rather send a check then please make it payable to John Webster. If you have a different suggestion, I'll be happy to hear it.

Mail your contributions to me at:
479 E. 700 N., Firth, Idaho 83236.
Sincerely, Sam Aurelius Milam III
